The students will be given opportunities to learn law course that is designed under Bodoland University which is step wise learning for building better career in the field of law.

College wants the students to achieve excellence as the goal of excellence is one of the key to success which is only possible if the student community and the faculty put their extra effort to explore the depth of Legal Education. Since the time of its establishment in the year 1985, KLC has witnessed numerous transformations. Each out going batch has contributed in its own way to transform the college for better and have strengthened its reputation. And today we are fortunate enough to witness the better version of KLC; that we have strived to impart socially relevant and professionally designed legal education for past 40 years in the region of BTR.

*KLC solo stands as the only “LEGAL EDUCATION CENTRE” out of 4 districts in BTR for which we shall always remain proud to be a part of.*

KLC seeks to educate and produce more number of lawyers in the region of Bodoland considering the standard of services needs to be delivered in 21<sup>st</sup> century. Legal education in India has undergone a change in the last two decades. In this era of globalization it is needless to state that studying law is no more an option or by chance. It has become “BY CHOICE”.

The KLC intends to impart legal education to the young minds as they are the future resource for providing speedy justice in the fields of socio, economic, political, etc.

The KLC is also committed to deliver its best old school method along with technical legal education through the dedicated faculty members. Its friendly environment shall always encourage the students to interact with its Faculties for self study and take guidance for research related work. This shall be surely an advantage for those willing to put in extra effort. The perception of learning among the students will depend on the level of motivation with an added flavor of expectations.

I am sure that the new students coming in will have a memorable academic experience and participate in co-curriculum activities like Moot Court, Legal Aid Camps, Seminar, etc. and also ensure that our students will be the most knowledgeable of all.
